Special Issue: Control, Teams, and Games

The first issue of the journal Applied and Computational Mathematics appeared 21 years ago, in 2002, under the guidance of its Honorary Editor, Professor Tamer Başar. This Special Issue is dedicated in honor of Tamer Başar.

While simultaneously marking this milestone, the objective of this Special Issue is to celebrate Professor Tamer Başar's scholarly impact and foundational contributions spanning many disciplines, with a general theme of decision and control theory, team theory, game theory, and their applications.

Papers with original contributions and especially those also with a genuine historical perspective are particularly welcome.

Guidelines

Authors can submit their manuscripts through the online submission system www.acmij.az. They have to use ***"Special Issue: Control, Teams, and Games"*** for the submission. Only papers with new and outstanding results, or review papers with an authoritative and scholarly historical perspective, related to the scope of Special Issue will be considered for review. For questions, please contact chief_ed@acmij.az or executive_ed@acmij.az. Please note that papers will have to adhere to the journal space and style requirements.

Tentative Dates:
Deadline for Submissions: **16 October 2023**
Initial Decisions: **14 Januray 2024**
Final Submissions: **14 March 2024**
Publication of the Special Issue: **Spring 2024**
