FIRST ANNOUNCEMENT

4^{th} International Conference on Control and Optimization with Industrial Applications – COIA - 2013

Borovets, Bulgaria 10-12 July 2013

The 4th International Conference on Control and Optimization with Industrial Applications (COIA - 2013) will be held at the Rila Hotel, in Borovets, Bulgaria (near the capital Sofia), during 10-12 July, 2013. The conference will provide a forum where engineers, scientists and mathematicians from academia, industry and government organizations can meet to share ideas on recent advances in all disciplines of science and engineering involving control and optimization. Latest industrial applications of control and optimization theory will be presented in thematic special sessions. Authors of the selected abstracts will have the option to publish their full papers in the journal Applied and Computational Mathematics (ISSN 1683-3511) indexed in Scopus and Science Citation Index Expanded.
