Appl. Comput. Math. **16** (2017), no.3, pp.323-324

APPRECIATION FROM THE EDITORS

Applied and Computational Mathematics an International Journal would like to thank all the editors, the members of the Editorial Board and all the reviewers whose experience and up-to-date knowledge contributed to the continuing strengthening of the journal during 2017. The year 2017 was a very successful one for ACM: the Impact Factor of ACM for 2016 has increased from 0.717 to 1.333. Without help of many mathematicians who volunteered their time and expertise to referee manuscripts for ACM, it would be impossible for us to maintain the high standards that is necessary to bring the journal to this level of recognised eminence. We appreciate their continued support enormously. Thank you again for your time and energy spent for the Journal.

Editors-in-Chief
Journal of Applied and Computational Mathematics

Abbasbandy Saeid	Abdulle Assyr	Abu Arqub Omar
